

Food and Beverage Industry Analysis

BY Pasumarthi Sri Sreshta

Problem Statement

The objective of this Power BI project is to analyze survey responses from the food and beverage industry to gain insights into consumer behavior, preferences, and perceptions. The analysis will help identify key trends, understand brand perception, and explore potential areas for improvement in product offerings and marketing strategies.

Data Tables

Fact Table

Fact Table: fact_survey_responses

- **Response_ID:** Unique identifier for each survey response.
- **Respondent_ID:** Unique identifier for each respondent.
- **Consume_frequency:** Frequency of consumption of food and beverage products.
- **Consume_time:** Typical time when the products are consumed.
- **Consume_reason:** Reasons for consuming the products.
- **Heard_before:** Whether the respondent has heard of the product before.
- **Brand_perception:** Respondent's perception of the brand.
- **General_perception:** Overall perception of the food and beverage industry.
- **Tried_before:** Whether the respondent has tried the product before.
- **Taste_experience:** Respondent's experience with the taste of the product.
- **Reasons_preventing_trying:** Reasons preventing respondents from trying the product.
- **Current_brands:** Brands currently consumed by the respondent.
- **Reasons_for_choosing_brands:** Reasons for choosing specific brands.
- **Improvements_desired:** Improvements desired in products.
- **Ingredients_expected:** Expected ingredients in products.
- **Health_concerns:** Health concerns related to products.
- **Interest_in_natural_or_organic:** Interest in natural or organic products.
- **Marketing_channels:** Preferred marketing channels for product information.
- **Packaging_preference:** Preferences for product packaging.
- **Limited_edition_packaging:** Interest in limited edition packaging.
- **Price_range:** Preferred price range for products.
- **Purchase_location:** Typical locations where products are purchased.
- **Typical_consumption_situations:** Common situations in which products are consumed.

Dimension Tables

Dimension Table: dim_respondent

- **Respondent_ID**: Unique identifier for each respondent.
- **Name**: Name of the respondent.
- **Age**: Age of the respondent.
- **Gender**: Gender of the respondent.
- **City_ID**: Identifier linking the respondent to a city.

Respondent_ID	Name	Age	Gender	City_ID
120043	Kimaya Borde	19-30	Male	CT113
120059	Sana Bumb	19-30	Male	CT113
120076	Ryan Dasgupta	19-30	Male	CT113
120080	Sana Mand	19-30	Male	CT113
120090	Rasha Bhavsar	19-30	Male	CT113
120092	Baiju Sane	19-30	Male	CT113
120095	Darshit Sami	19-30	Male	CT113
120096	Advika Borah	19-30	Male	CT113
120102	Mannat Chaudry	19-30	Male	CT113
120104	Riya Sengupta	19-30	Male	CT113
120108	Anaya Das	19-30	Male	CT113
120124	Tiya Kumar	19-30	Male	CT113
120131	Emir Mann	19-30	Male	CT113
120141	Inaaya Zachariah	19-30	Male	CT113

Dimension Table: dim_cities

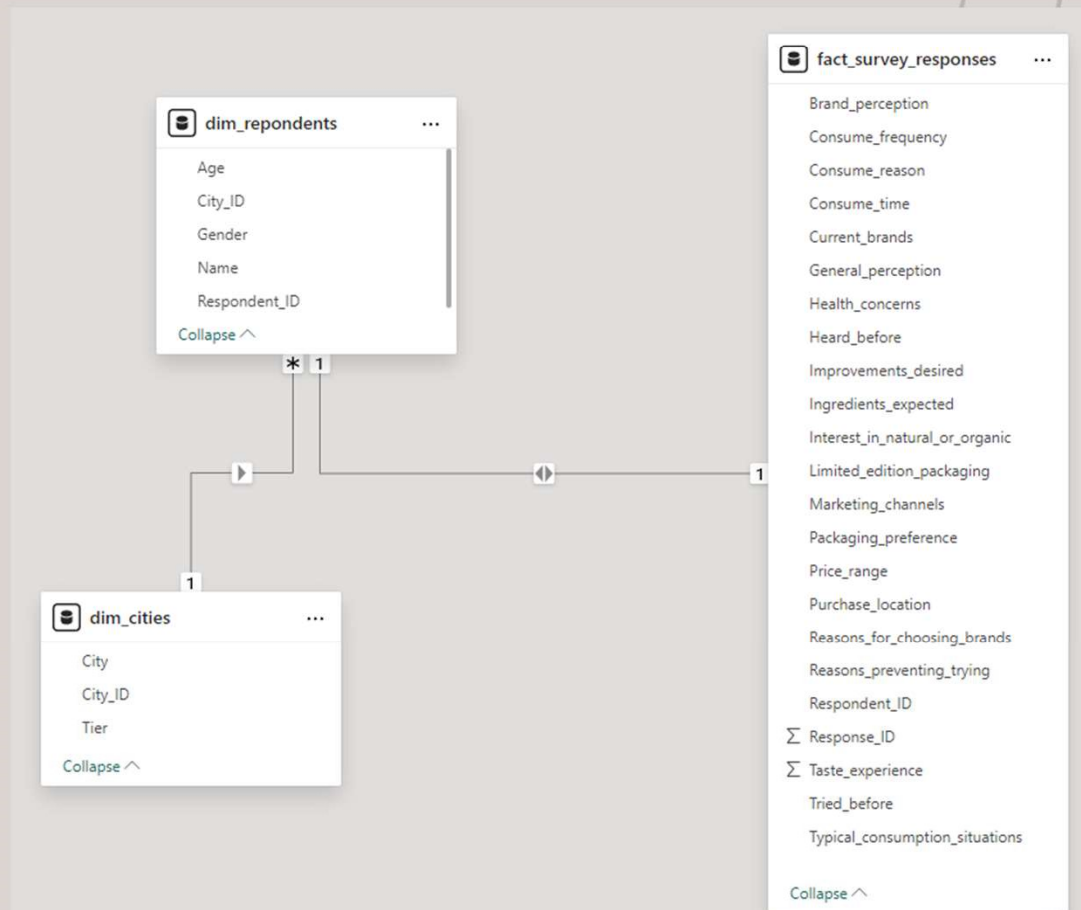

- **City_ID**: Unique identifier for each city.
- **City**: Name of the city.
- **Tier**: Tier classification of the city (e.g., Tier 1, Tier 2).

City_ID	City	Tier
CT111	Delhi	Tier 1
CT112	Mumbai	Tier 1
CT113	Bangalore	Tier 1
CT114	Chennai	Tier 1
CT115	Kolkata	Tier 2
CT116	Hyderabad	Tier 1
CT117	Ahmedabad	Tier 2
CT118	Pune	Tier 2
CT119	Jaipur	Tier 2
CT120	Lucknow	Tier 2

Transforming Data

- **Verified that all data types are correctly aligned with their respective columns.**
- **Removed duplicate entries.**

Insights

1. Total Number of Respondents:

- The survey gathered responses from a total of 10,000 respondents

2. Average Brand Perception:

- The average perception of the brand is Cola-Coka, indicating overall sentiment towards the brand among consumers.

3. Most Common Consumption Situation:

- The most frequent situation in which respondents consume food and beverage products is during Sports/exercise.

4. Interest in Natural or Organic Products:

- 49.83% of respondents expressed interest in purchasing natural or organic products, indicating a strong trend towards healthier options.

5. Top Reason for Choosing Brands:

- The most common reason for choosing specific brands is Brand reputation,

6. Preferred Price Range:

- The average preferred price range for food and beverage products is 50-90.

7. Packaging Preferences:

- Respondents prefer “Compact and portable cans” packaging, reflecting what consumers expect in product design.

Insights

8. Interest in Limited Edition Packaging:

- A significant 39.46% of respondents expressed interest in limited edition packaging.

9. Top Ingredient Expectations:

- Consumers expect caffeine in the products they purchase, which aligns with current trends in health-conscious consumption.

10. Taste Experience:

- The majority of respondents reported a “3” rating taste experience with the products they’ve tried, contributing to brand loyalty.

11. Health Concerns:

- 60.45% of respondents mentioned health concerns related to food and beverage products.

12. Marketing Channels:

- The preferred marketing channel for receiving product information is Online ads.

13. Typical Purchase Location:

- Respondents commonly purchase products from Supermarkets.

14. Frequency of Consumption Across Price Ranges:

- A trend shows that 2-3 times a week consumption frequency correlates with 50-90 price ranges, indicating price sensitivity among respondents.
